

**Remarks**

Claim 68 is now the only independent claim in this application. Claims 2, 6, 12, 15-18, 25-27, 29-33 and 65-66 depend from claim 68.

In the Final Office Action dated November 13, 2003, the Examiner indicated that claims 68-70 would be allowable if re-written in independent form. Claim 68, as well as all remaining claims that depend from claim 68, should therefore be in condition for allowance.

The Examiner objected to claim 67 for reciting "context" rather than "content." Claim 67 has been canceled. The subject matter of claim 67 now appears in claim 68, and the word "context" is not used in claim 68.

The Examiner rejected a number of other claims as unpatentable under 35 U.S.C. § 103(a). Applicants disagree with the rejections for the reasons of provided in the Amendment dated October 14, 2003. By the current Amendment, applicants do not acquiesce in the merits of the rejections. Applicants also reserve the right to pursue any subject matter not now claimed in a separate application.

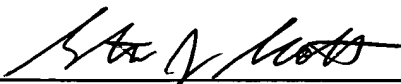

Applicants respectfully request that this Amendment be entered by the Examiner, which should place all pending claims in condition for allowance. The proposed amendments should not raise new issues or necessitate the undertaking of any additional search of the art by the Examiner.

Please grant any extensions of time required to enter this Amendment and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
